FISCAL NOTE ANALYSIS

**STATE OF ALASKA
2022 LEGISLATIVE SESSION****Analysis**

This bill prohibits a state or municipal agency from placing certain restrictions on firearms and firearm accessories. For example, a state or municipal agency may not forbid the possession, use or transfer of a personal use firearm or firearm accessory or order the confiscation of a firearm or firearm accessory. A state or municipal agency also cannot limit the operating hours of a place that sells firearms or of a shooting range unless those same restrictions are placed on all other businesses. Further, a state or municipal agency cannot suspend or revoke a permit to carry a concealed handgun unless such action is already permitted under state law.

If a state or municipal agency imposes any of the above restrictions in violation of the language of the bill a person may bring a civil action.

The provisions of the bill do not apply to a person who is prohibited from possessing a firearm, firearm accessory, or other weapon under state law.

Because this legislation anticipates a private cause of action, the department does not anticipate a fiscal impact should this bill become law.
